Concern: message of solidarity

Dear Brothers and Sisters!

Dear colleagues!

As member of the ITF and the ETF we send you our message of solidarity.

The FNCTTFEL-Landesverband together with our locomotive Drivers Section fully expresses their strong support for the strike against Veolia Transport Sweden.

The social consequences of Veolia underbidding for the train operations between Sweden and Denmark are unacceptable!

We wish you great success in your action,

Sincerely yours in solidarity,

Guy GREIVELDING
